

# City of Weatherford Transportation Project Update

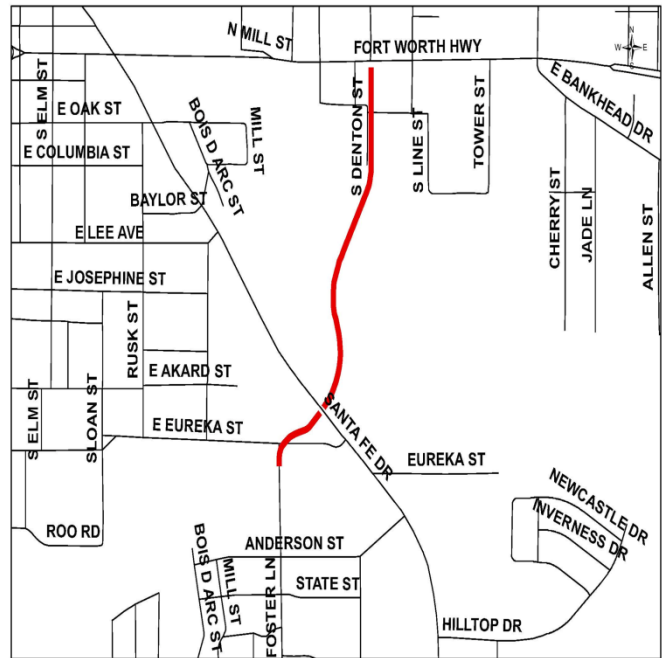

## Jack Borden Way

### Project Description

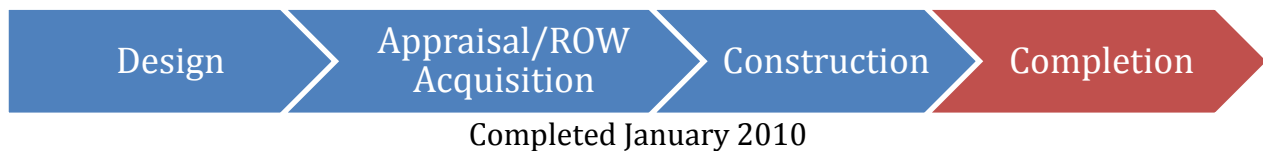

Construct a four-lane concrete urban street from Fort Worth Highway to Santa Fe Drive. An asphalt roadway will continue south from Santa Fe Drive as a four lane section until it merges into Foster Drive. Project elements include a 650 ft bridge over Town Creek and the railroad and traffic signals at Fort Worth Highway and Santa Fe Drive.

### Status Update

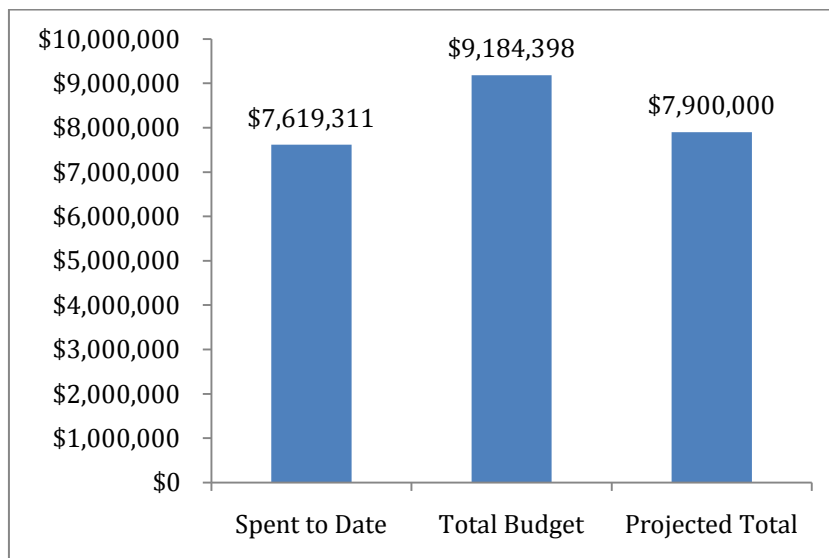

A contract for construction was awarded to Lacy Construction on October 14, 2008 and construction started on December 1, 2008 and was completed in January 2010.
