

City of Weatherford Transportation Project Update

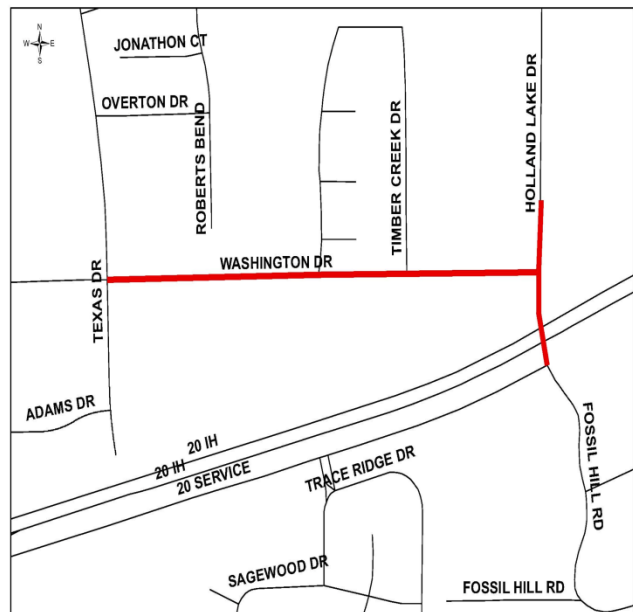

Washington Drive

Project Description

Widen Washington Drive from a two lane rural type road to a three lane minor urban collector road. The improvements will start at Texas Drive and extend east to Holland Lake Road. The project will replace the low-water crossing at Holland Lake Creek with a box culvert system to allow for all-weather of the creek.

Status Update

Ed Bell Construction was awarded the construction contract on March 9, 2010. Construction began in June 2010. Completion of the project is estimated for Winter 2011.

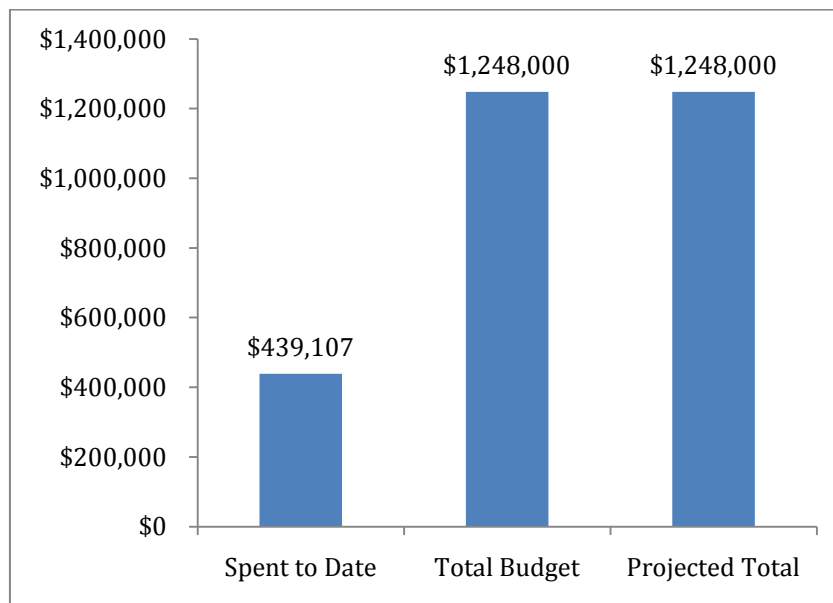

Project Timeline

Expected Completion: Winter 2011
